

NUCA of Arizona

SAFETY

First Aid, CPR

National Safety Council

Quality - More than 70 national medical, health, and safety organizations have reviewed, contributed to, or endorsed National Safety Council programs. And we give you the most up-to-date information.

Content - We cover all the basics, plus specialized techniques. Our standard first aid and CPR course meets all OSHA requirements. And all our supplemental training materials are easy to use and understand.

- **Course Time 4 Hours**
- **Minimum Knowledge Test**
- **Training Class Minimum 10**
- **Training Class Maximum 20**
