**TERRY W. TERRILL (1942-1999)
ARIZONA CONTRACTORS EDUCATION
AWARD**

NUCA of Arizona is privileged to administer the **A.C.E. Award** on behalf of **Arizona Land & Construction Company** in loving memory of Terrence Wayne Terrill born in 1942, a true Arizona native who lived and served our construction industry for many years outdoors while enjoying life in this great state of Arizona until his passing in 1999. With much humility, he always remained dedicated to the basics of a hard day's work. Terry really enjoyed working outdoors each day of his life in order to support and provide for his family; he was successful and did exactly that. He was a loving, kind grandpa and father who cared tremendously for his family and who is greatly missed.

NUCA of Arizona is dedicated to improving the livelihoods of the men and women of the Arizona utility construction industry. We believe that our construction industry is the bloodline for our state's prosperity which ultimately results in a better quality of life to all. We also believe and support the key investment of safety training for all trade workers and employers within all associations. NUCA of Arizona and its members are building a better Arizona, today and for generations to come, through training, scholarships and awards like these, in the communities in which we live.
